Project Accelerate
Internship Host Packet
Become an Internship Sponsor!

Mission of Project Accelerate
To speed the entry of young women, especially women of color, into positions of influence and leadership in meaningful careers; advance young women's educational attainment and skills development; and support change toward equity in the workplace.

Objectives of Internship Program
- Provide young women with relevant, paid work experience in their field of interest
- Introduce young women to positive adult role models in a supportive and educational work environment
- Help young women formalize a post-secondary plan for college or careers

Who are the interns?
Students ages 16-25 from the Greater Philadelphia region who are active participants in our Eureka! or Ambassador Club programs, or Girls Inc. alumnae. Eureka! includes exploration of science, math, technology, careers, sports, and personal development. Ambassador Club builds up leadership skills, exposes students to professional development opportunities and community action projects. Both programs support participants with post-secondary planning help.

What does an internship sponsor do?
- Provides interns with relevant work experience at the job site, remotely, or a combination of both
- Provides a supportive, structured, and educational work environment and allow interns to shadow sponsors' work
- Models appropriate behavior and provide mentoring and professional development opportunities

Dates and hours of the program:
- July 8th - August 2nd
- Monday - Thursday
- 16 hours per week, 64 hours total

I don't have an internship position available, how can I stay involved?
- You can support the program by sending a donation which can be applied to the cost of an internship
- You can be part of our job shadowing program during the summer
- You can host a career exploration event

Frequently Asked Questions

Are internships paid?
Yes. Interns are paid $14.25 per hour. If intern sponsors prefer Girls Inc. to manage payment, a lump sum donation for the exact amount of pay can be made to Girls Inc. and we will pay the intern(s) and handle any other required paperwork. Funding and/or grants may be available to cover the cost of the internships.

What training and skills do the interns have?
Prior to starting her internship, each intern participates in career readiness programming covering professionalism, business etiquette, written, verbal, and non-verbal communication, and time management. Additionally, most interns have a basic understanding of Microsoft Office programs, PC, and Mac computers. Some interns may have specific experience, for example with HTML or graphic design software. For internships that require a more skilled intern, we select a student who has the ability to learn the skills quickly.

What type of work is appropriate for the interns?
Interns should be given a variety of responsibilities as well as the opportunity to ask questions. It is important for interns to have the chance to experience the work in a hands-on way via varied tasks. Shadowing staff, completing small projects, computer work, and attending meetings can all be part of the intern's experience. Our interns are trained on workplace ethics and are expected to exhibit a high level of maturity on the job.

Is the intern's work schedule flexible?
Yes. Interns can work Monday through Thursday; hours can be determined by the intern and internship host. Internships occur through July and August, for a minimum of 64 hours. Hours can be adjusted slightly to fit the schedule of each workplace, but the days are firm - interns participate in other Girls Inc. activities on Fridays. Internships may be extended if desired, or you may choose to offer an after school or weekend work opportunity.

What support or assistance is offered by Girls Inc. during the summer?
Girls Inc. provides an internship sponsor orientation before internships start. The Girls Inc. internship coordinator will go over what to expect and answer sponsors' questions. This is also an opportunity for old and new sponsors to meet and share best practices and ideas on how to make the internship successful for everyone. The internship coordinator is available by phone or email Monday - Friday to answer any questions and help with concerns or challenges if they arise. The coordinator will also check in on a bi-weekly basis with each internship site. Our job is to make sure the internship is a positive experience for everyone involved.

Can internships be virtual?
Yes, internships can be virtual, in-person, or a hybrid of both.

How many interns can I host?
We strive to place (2) interns per host site.
