Inspiring all girls to be **Strong, Smart, and Bold**

About Girls Inc. of Greater Philadelphia & Southern New Jersey

Our mission is to inspire all girls to be **strong, smart, and bold** through direct service and seeing girls as advocates. In partnership with schools and at our Girls Inc. center, we focus on the development of the **whole girl**. She learns to value herself, take risks, and discover and develop her inherent strengths. The combination of long-lasting relationships, a pro-girl environment, and research-based programming equips girls to navigate gender, economic, and social barriers, and grow up healthy, educated, and independent.

Meet the next generation of leaders

A note from Natasha Johnson, CEO

"Together, we can create lasting change for the girls we serve. Every sponsorship opens doors to transformative moments that build confidence, leadership, and real-world career experiences for all Girls Inc. of Greater Philadelphia & Southern New Jersey participants. Your partnership fuels academic enrichment and opportunities that prepare the next generation to lead with courage, think critically, and drive meaningful change."

Host an Exploration or Enrichment Session

When companies partner with us, it creates a meaningful opportunity for participants to connect classroom learning with real-world experiences. These sessions strengthen academic skills, spark curiosity, and help girls envision themselves as future leaders.

Exploration and enrichment sessions are designed to ignite curiosity, strengthen academic confidence, and expand what girls believe is possible for their futures. Through engaging, hands-on learning, girls discover how education connects to exciting career paths. These sessions:

- Bridge learning and opportunity through real-world applications
- Inspire girls to see themselves as leaders, innovators, and problem-solvers
- Cultivate critical skills such as communication, teamwork, and creativity
- Expand access and visibility by connecting girls with professionals across diverse industries

What It Looks Like

Sessions are interactive, age-appropriate, and designed to make learning relevant and fun.

Examples include:

- Hands-on activities — STEM challenges, creative design projects, or literacy-based games
- Professional spotlights — Employees share their educational journeys and career paths
- Skill-building exercises — Promote leadership, confidence, and collaboration
- Career field exposure — virtual or on-site tours that show how learning powers innovation

Impact

By volunteering to host a session, companies:

- Inspire learning and motivation through real-world relevance
- Encourage girls of all ages to explore new fields and discover new possibilities
- Highlight diverse career paths and role models
- Invest in the future workforce, helping youth gain knowledge, confidence, and direction

What does Career Exploration look like?

Together, Girls Inc. and our corporate partners create transformative experiences that make learning meaningful, open doors to opportunity, and empower girls to pursue their goals with confidence and purpose.
